

Qualification-Based Certification Requirements

ISO 45001 Management Systems (ISO 45001)

The qualification-based [ISO 45001 Management System \(45001\) auditor certification program](#) has been developed by Exemplar Global in liaison with industry representatives. The program provides international recognition for auditors who conduct management system audits using national or international management system standards, or other management system standards and normative and industry references that are recognized by Exemplar Global. [Please refer to the Exemplar Global Personnel Certification Guide for full details.](#)
