# Drive More Students into your Courses

Improve the value of your course by extending the learning and development opportunities of your students by 12 months.

## Benefits For Students

- 12 months of ongoing professional development and support
- Graduate certification to enhance their employment potential
- Access to a self coaching and behavioral assessment
- Access to an exclusive social media community and the ability to interact with other graduates and industry professionals
- Development opportunities through access to Exemplar Global webinars, online articles, and events
- Improved support on their career path

## Benefits For You

- Improved value proposition—"walk in as a student, leave on the path to becoming an auditor"
- Significant point of difference from other training providers in the market
- Access to data to help inform the development of desired auditor behaviors and soft skills
- Opportunity to generate additional revenue
- Ongoing marketing support to Exemplar Global lists
- Featured exposure at Exemplar Global's online events
